

City Lights

By Joel Bidderman © 2004 Joel A. Bidderman/ASCAP

Dm7

Behind the city lights

Em7

The rhythm of my heart beats

Dm7

To the sound of the radio-

In the flow. of traffic

Em7

Dm7

Pushing closer to somewhere. To somewhere [that I don't know]

And I go. to the end

Em7

Of where my eyes can see, and You know me,

Fmaj F#maj7 Fmaj Em7

I wander till You stop me

Fmaj F#maj7 Fmaj Em7

Divinely inter - ve - ne, timely find me

Gsus G

Hang my mind

Gsus G

On the moon

Csus Dm7 Em7 Ebm7

Steal my heart from me to be with You

Gsus G

Here I am

Gsus G

Lost in You

Csus Dm7 Em7 Ebm7

As You steal my heart. From me. To be with You

Down the road from the 101

From Heaven to Fiesta

The sound of the silence seems to blow

The drone. Of outside

Like a leaf caught in the spiral. The spiral [of the Fall's undertow]

As I know. That the end

Of my heart is somewhere, out of reach...[and]

The moon tilts its head to shout Your glory

As the Heavens sing a chorus in six part harmony

Bridge: Am7, Em7, Ebm7, Dm7 (3x) Em7 - *Into chorus*
