

What Do You Say?

By Joel Bidderman © 2003 Joel A. Bidderman/ASCAP

G Dsus Dsus/F C2
Whisper to me but don't hurt my ear
G Dsus Dsus/F C2
Touch me but don't kill the body that holds me here
G Dsus Dsus/F C2
I want to see Your face but want to live to tell about it
G Dsus Dsus/F C2
Maybe today or in a thousand years
C2 Dsus C - G/B - Am7 - G - D
I'll walk with You, even though the water's freezing cold
C2 Dsus C - G/B - Am7 - G - D
I'll talk with You, though the words of my mouth are old

C2 G C2 G/B D
What do You say You let me hold the moon tonight
C2 G C2 G/B D
What do You say You let me lay down my best bet tonight
C2 G C2 G/B D
What do You say You take me to the end of me tonight
Am7 Am7/G G/B G C2 C2/G D
Show me how to walk on the w - a - v - es
C2-G-C2-G/B-D
without falling tonight

Throw me a line and catch me a heart
Deal out a good hand, or the same one that brought me here tonight
Whistle a tune so that I know where I am
Part a sea so I know that You're still right next to me

I will whisper to You since You can hear my heart
I'll dance with You since You'll let me know my part

Bridge Chords: Am7, Am7/G, G/B, G, C2, C2/G, D

Hold my head so I don't look down
Hold my heart so it won't doubt
Hold me so I can always hold You
